### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

A cracking die assembly for use in a high production nutcracking apparatus including a tubular retainer having an internal bore which includes a rearwardly facing shoulder so that the forwardly facing shoulder opposes the rearwardly facing shoulder in a spaced apart arrangement which defines a cylindrical cavity having a predetermined diameter, an annular gasket mounted within the cylindrical cavity having an axial dimension which is approximately the same as the distance between the shoulders so as to be retained therebetween, and the gasket having an outer diameter which is less than the predetermined diameter of the cylindrical cavity so as to define a space therebetween which allows the gasket to radially expand upon being impacted in the axial direction is not taught nor fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy F. Simone whose telephone number is 571-272-1407. The examiner can normally be reached on weekdays between 8:00am-5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Milton Cano can be reached on 521-272-1398. The fax phone numbers for
